

27/03/2020

Dear Parents Guardians and children,

We have provided some educational material for next week 30th March- 3rd April. The material has been sent via the Aladdin App and also to the **email address** that you have provided to the school. The material may be easier to view by email. If you have difficulty accessing this or know of friends who do not receive it please let us know office@ashbourneetns.ie or ashbourneetns@gmail.com

The week commencing the 6th April is the start of the Term 2 holidays so we will be not sending material that week. There will however be plenty of extra suggestions made available to you for the holidays to keep you entertained.

Some class groups require access to online resources. The teachers have explained any login instructions in the material attached. This may take time to get used to, I would suggest, if possible, that parents and children find some time over the weekend to look through the material and sign up/login to the various websites they might need over the coming week so that you are ready to start on Monday. That said, if you are having trouble with the online resources do not worry most teachers have included images of the pages that can be printed or read of the screen if preferred.

Children, we hope you have fun with the material, teachers have included some lovely activities. We know you like to be challenged and you are all so capable but anything you find too challenging make a note, put it to one side and don't worry, there will be plenty of time to address it when we see you back in school soon enough. The teachers and staff miss you all very much, we look forward to seeing you, in the meantime have fun learning next week.

Le Meas,

Lynn
